

March 3, 2023
Dear BCA Families,

We are sharing this picture just in case you didn't get a chance to walk through BCA's library on Open House night.

The Family Read Alouds in this bookcase are divided by age groups: 4-7 and 8-12, and are chosen for the wide appeal of their content. Many have chapter endings that may capture even the adult reader's imagination!

Most are recommended by the well-known author Sarah Mackenzie in her book *Read Aloud Revival*, which you may also check out from this bookshelf. These "treasures" may be selected by students during their library time, or by parents when they can visit the library. *(contact office for a library appointment)*

We ask that you sign out your choice by writing your name on the check out card and leaving it in the box marked "Parents." You may keep the picture books for one week, and the chapter books for one month.

Reading aloud to children is one of the quickest ways to help them fall in love with books!

Sincerely, Mrs. Kays
