There are other items our class will need such as paper plates, cotton balls, small cups, spoons, ziplock bags but I will send that list in September & assign purchase by gender because I won't need so much of any one item to be purchased by all students. I will also let you know as our supply of community items such as tissues & paper towels are consumed. Due to lack of storage, please don't overstock our classroom at the very beginning. Please open the student's personal school tools from the packaging & label their items with a sharpie marker before starting school. I will store any excess glue sticks & pencils in a ziplock gallon bag for each individual student. Throughout the year I may have a special project or "recipe" or event to do with the children. I will send home newsletters letting you know what will need to be purchased & the quantity.
